

女子ダブルス(GD-28)

Figure 1: Phylogenetic tree of 28 Japanese cherry plum accessions. The tree is rooted at the bottom and branches upwards. The accessions are listed in two columns, with their corresponding numbers (1-28) placed next to them. The tree shows a clear division into two main groups, with the left group containing accessions 1-14 and the right group containing accessions 15-28. The tree is rooted at the bottom, with a scale bar of 0.1 substitutions per site.
